Well dirty love in a dirty van
My carkey's sleepin in the hip, never coming down
Got fat ideas and a criminal mind
Running out to get some action and some dirty love

Cause I ain't got nobody to call my own
I ain't got no body, my mind is blown blown blown

And I'm loaded, oh yeah
Loaded, most of the time
Loaded, aha
Loaded, ohyeah

Well dirty love in a dirty van
My carkey's sleepin in the hip, never coming down
Got fat ideas and a criminal mind
Running out to get some action in my dirty mind

Cause I ain't got nobody to call my own
I ain't got no body, my mind is blown blown blown

And I'm loaded, oh yeah
Loaded, most of the time
Loaded, aha
Loaded, ohyeah
