Bad bone boogie

... bad bone bad bone bad bone...

I was lost freakin' out of my head
Without money with nothin' but the sand
Out in the desert with my bike and my soul
I have to sing my bad bone boogie

Sing that boogie
The bad bone boogie

I was alone in this ethereal place
The bike was roarin' deep inside my head
Out in the desert I can't find my soul
I have to sing my bad bone boogie

Sing that boogie
The bad bone boogie
