You're like a late night hit and run
Her body's bullet proof when I got the gun
I light her up for fun
She could use me

Ya, you could take me for a ride
We'll see the city for the very first time
Take it to 99 if you want me to

And suddenly I'm paralyzed in your review
Stop me up and turn me on
Leave me at the race of dawn
The highway stars surround me ya
And rap the world around me

And I said
Oh, Oh, Oh
'67 GTO
Oh, oh, oh
Turn up the radio
Ya, and she knows where to go to leave the world
behind
So wont you turn me over

Ya, I worked all summer long
Scrapping for money
Playing cover songs
I know it wont be long
Till I have her

Ya, cause when the highway stars surround me
She wraps the world around me
I said oh, oh, oh
'67 GTO
Oh, oh, oh
Turn up the radio
Oh, oh, oh
Ya, and she knows where to go to leave the world
behind
So wont you turn me over
Take me for a ride

Stop me up and turn me on
Drive until the night is gone
The highway stars surround me ya
And rap the world around me

And I said oh
Your such a pretty girl
I want to take you home
'67 GTO
Turn up the radio
Ya, and she knows where to go to leave the world
behind
So wont you turn me over
Take me for a ride

Oh, *'67 GTO*
Turn up the radio
Oh, oh, oh
Ya, and she knows where to go to leave the world
behind
So wont you turn me over
Take me for a ride

Oh ya!
