"World Keep Tumblin' Down"

Visit "[World Keep Tumblin' Down](#)" on MotoLyrics.com

You say that you love me... now that you're gone
Driving away too long between the wind, the sun and
the rain

Out on the Highway one is such a lonely number
Running my wheels away until the day will fade at all

The night is waiting for you

I wanna feel till our world... world keep tumblin' down
I wanna feel till our world... world keep tumblin' down

I take a look at the driver next to me... I know you can't
hear me

Turning my red lights on I guess that they have started
to fly

Out on the Highway one is such a lonely number
Running my wheels away until the day will fade at all

The night is waiting for you

I wanna feel till our world... world keep tumblin' down
I wanna feel till our world... world keep tumblin' down
I wanna feel till our world... world keep tumblin' down
