"I Love You"

Visit "[I Love You](#)" on MotoLyrics.com

There was a time when I knew nothing about love
A silly little girl I'm askin' her feelings from the world
You bring me so much joy and I thank God from up
above

Right now I know that what I'm feelin' is true love
I love you, I love you

CHORUS

I never thought I could feel this way
I never thought that we could go all the way
I never thought that I could fool my lips to say
I love you, I love you, I love you

INTERLUDE

Since you've gone away the days are long and my love
grew stronger

And I can't hide these tears and yet my heart it grows
fonder

The love I feel for you is like a child on Christmas day
You taught me how to love and just how to
communicate

And that's why I sing this song to you and only you
I love you, yeah, I love you

CHORUS

I never thought I could feel this way
I never thought that we could go all the way (we could
go all the way)
I never thought, hmm that I could fool my lips to say
I love you (I love you), I love you

BRIDGE

Love that brings me joy (love that brings me joy), it
feels so natural (it

Feels so natural)

Innocent, I know, so unconditional, so emotional (ohh)

CHORUS

I never thought (never thought) ooh, never that I could
feel this way

I never thought (never thought) ooh, that we'd go all

the way
Hoo, never thought, ooh (never, never) that I could fool
my lips to say
I love you, I love you, I love you

CODA
Hoo
I love you, I really do, I love you
I love you, love you, love you
Hmm
