I must be losing my mind  
I'm gripped by feelings that I don't understand  
It's not a part of my plan

My hopes that once were so high  
Were crushed and broken in a blink of an eye  
By the roadside

And I just can't let it go  
This fever won't let me hang on to my pride  
It will never subside

So if you see her again  
Tell her that I can't wait  
Undercover, in the shelter  
Of a strange twist of fate  
And I know what I'm doing is incredibly wrong  
That the music has ended,  
But the beat just goes on, and on

Don't wanna sound like I'm weak  
Negotiations are about to begin  
It's got my head in a spin

And everyone that I meet  
Complains that I don't act the same anymore  
That I was better before

So if you see her again  
Tell her that I can't wait  
Undercover, in the shelter  
Of a strange twist of fate  
And I know what I'm doing is incredibly wrong  
That the music has ended,  
But the beat just goes on, and on

(instrumental)

So if you see her again  
Tell her that I can't wait  
Undercover, in the shelter

Of a strange twist of fate  
And I know what I'm doing is incredibly wrong  
That the music has ended,  
But the beat just goes on, and on
