Beach weekend

Everyday up before the sun's up  
Quick shower dress and head to starbucks  
Start plannin all the things I've gotta get done

Work and school get the best of my time  
But all week I've been dreamin bout th shoreline  
Just relaxin layin out in the sun

Chorus:

We're goin to the beach this weekend  
Me and some of my best girlfriends  
Puttin on that suntan lotion  
Hope to cause a little commotion  
Tryin out our brand new bikinis  
Maybe drive a few boys crazy  
Makin sure the fun never ends  
We're goin the beach this weekend

One suitcase makeup and a camera  
A few bucks for pepsie and a pizza  
Flip flops and and one or two toe rings  
Take a ride in a ragtop beatle  
Cruse the coastline listenin to the radio  
Crank it up so everyone can hear us sing

Chorus:

We're goin to the beach this weekend  
Me and some of my best girlfriends  
Playin in the clear blue water  
Ridin double on a wave runner  
Dancin cross the red hot summer sand  
Lookin pretty hot in our new tans  
Makin sure the fun never ends  
We're goin the beach this weekend
