You have dogs instead of children  
You take long walks instead of spending time with your  
husband  
But if I had a husband like you  
I would take long walks too  
Long walks too  
Long walks too  
Long walks too

And you're standing in the supermarket  
Watching the boy at the checkout and making love to  
him - in your head again  
And you know it's sad, but you can't stop  
It's the only fun you get when you shop  
And maybe someday he'll turn round and say

That you are the most beautiful girl in the world  
And he'll be elvis presley to your marilyn monroe  
You are the most beautiful girl in the world  
And he'll be elvis presley to your marilyn monroe

And you're standing in the public park  
With a pooper-scooper in your hand  
This is not what you aspired to  
When you were young and your whole life lay before  
you  
Lay before you  
Lay before you

And you could've been an architect  
Raising structures in your head  
But if I'd told you this then would you have settle for it

And you are the most beautiful girl in the world  
And I'll be elvis presley to your marilyn monroe  
You are the most beautiful girl in the world  
And I'll be elvis presley to your marilyn monroe

And when you've run out of boys to kiss and you've run  
out of girls to talk to  
There's got to be more than this - there's got to there's  
got to there's go to

When you've run out of boys to kiss and you've run out  
of girls to talk to  
There's got to be more than this there's got to there's  
got to there's go to

And you are the most beautiful girl in the world  
And I'll be elvis presley to your marilyn monroe  
You are the most beautiful girl in the world  
And I'll be elvis presley to your marilyn monroe
