When I first tried E I was 15 years young

She rolled up a joint of some backyard sash  
Broke out the Tanqueray mill and put it to my chest  
Fuck the Coca-Cola I don't need shit to follow  
And fuck a glass, I sip straight out the bottle  
it's been 45, when this shit gone hit me?

(look, I already have you three  
two more and you gone be passed out)

go two more, twinty minutes later I was winnin  
I was loaded, but I wasn't even spinnin

put the top on it and let that shit boil for a minute  
added teabags to the pot, we doin it now  
added some orange juice to the pink pop to cool it
