[Intro: Erick Sermon]

Y'all know what's about to happen  
We get more dangerous than Michael Jackson  
P-A-S-S-I-O-N

[Verse 1:]

The Passion experience niggas just don't understand  
In this lyrical land I expand like rubberband  
See this is for my niggas and my bitches hitten  
switches  
With 1-6's lifestyle of the riches  
Hip hop is the same as the drug game (word up)  
Now the money and the fame depends on your name  
I'm the P-A-S-S-I-O-N  
You better tell your crew and you better tell your  
friends  
That I kill verbally take it personally  
The music industry ain't ready for me  
Cause I thunder like storms and I thunder like claps  
When I bring the noise on funk tracks like Anthrax  
Somebodys coming better, naw nigga never  
My squad comes together like bullets and Berettas

[Hook:]

As the world goes around "Round and round.  
The world goes around and round"  
As the world goes around I'm breakin' down  
competitors  
"The world goes around and round" [x2]  
P-A-S-S-I-O-N

[Verse 2:]

Always and forever, I'm a bring the terror  
Passion coming through like WHATEVER  
Cause I'm ready for war tonights the night  
God bless your life when I come through this mic  
With a brain like a tricker, bustin' like a gun (yeah)  
Cockback my tongue like a 30 magnum  
When the verbal starts to peel you better get you vest  
Cause my verse gets worse than hollow tips in your  
chest

When I break niggas up like Smokey in the Miracles  
With the lyricals that be Underground like Digital  
Who's the next fool to step up and be the bravest  
You wanna be couragous I get up in your anus  
Like an introvenus penis (whoa)  
Passion bring it fuller the lyrical killer gettin' iller with  
the stealer  
If you say my name in vein I bring it to your brain  
Like Curt Cobain going insain (yeah)

[Hook]

[Verse 3:]

Nigga what's the controversy? What's the conflict?  
Def Squad is my click and I don't hear shit  
I bring it to beginners sinners and all contenders  
And I don't give a fuck about your sexual gender  
Come and get it and if you said it you'll regret it  
The heros are dead but the coward lives to tell it  
If you come around town I'll shut you down like a zero  
Why you wanna die like a hero (nigga)
