[Verse 1:]

Just like the sunshine you have been our light  
Leading us into beautiful places  
We've walked through fire but you made us brighter  
Leading us into beautiful places

[Chorus 1:]

Faithful Jesus, healing savior  
Compass, center, bread of life  
Faithful Jesus, cherished treasure  
Our portion, wisdom God's great light

[Verse 2:]

Just like the starlight you shine in the black night  
Leading us into beautiful places  
Just like the atmosphere you've come to surround us  
here  
Leading us into beautiful places

[Chorus 2:]

Faithful Jesus, healing savior  
Compass, center, bread of life  
Faithful Jesus, cherished treasure  
Our portion, wisdom God's great light

[Bridge:]

God you are here with us constantly here with us  
You are our everything faithful and true
