Hey baby  
La da li da da da

Hey baby  
I know its late but I wanted to say  
How you were doing  
So how are you doing?  
Mistakes, I know I made but I wanted to say  
Baby I'm willing to make things right

(Refrain:)  
Can we talk a while?  
About anything and everything if there's anything  
I can do to make it right  
Cause I miss your smile  
And lately girl I haven't been myself  
And I wanna take this time to say

(Chorus:)  
I don't wanna settle for the one that I don't love  
And I can't see myself with nobody but you love  
Honey if you could only see  
That there's nobody else in this world for me  
Then maybe then you'll see  
Why I need you desperately

Now baby  
I know there are times you worry bout  
You and me  
So don't you worry bout a thing, listen  
Cause your like water, your like water  
Except I need you more than eight times a day or  
essential  
More important than the air I breathe

(Refrain)  
(Chorus)

Looking back on all the loves that I had before  
I didn't see forever in their eyes  
But when I look at you  
I see you in the picture of my life

Baby then you'll see  
Why I need you desperately  
Ohh desperately  
Why I need you desperately

(Chorus)
