Intro:

You know, sometimes life doesn't make sense  
And it's so easy for people to focus on what's wrong  
That they lose focus on God  
But I'm here to tell ya'll today that He is a good God  
That loans us His blessing, everyday  
You just gotta open Your eyes to see it, check it

Verse:

God, many times I go astray, but get to thank You Lord  
every day  
And at times when things don't go my way  
And God, there are times when life is strange and it  
gets hard sometimes  
So hold the pain like I'm standin' in the pourin' rain  
(And then I remember)  
All the times You took me in  
When I chose to live a life of sin  
You held me in Your arms again  
(And then I remember)  
Lovin' You is not about me  
I love You Lord 'cuz You're worthy  
Sometimes I forget the things that matter  
And so I say...

Lord, You've been so good to me  
Sometimes I get blind from the things that's goin' in my  
life  
That I can't see that You've been good to me  
And if we could only see  
Stop looking at the problem and start lookin' at the  
solution  
Now I see that You've been good to me
