Promise maker, promise keeper  
You finish what you begin  
Our provision through the desert  
You see it through to the end  
You see it through to the end

The lord our God is ever faithful never changing  
through the ages  
From this darkness He will lead us and forever we will  
say  
You're the lord our God  
In the silence in the waiting still we can know you are  
good  
All Your plans are for your glory  
Yes, we can know you are good  
Yes, we can know you are good  
The lord our God is ever faithful never changing  
through the ages  
From this darkness He will lead us and forever we will  
say  
You're the lord our God  
We trust you, we trust you  
We won't move without You  
We won't move without You  
You're the light of all and all that we need Lord to  
everything  
We won't move without You  
We won't move without You  
You're the light of all and all that we need, we trust you  
God  
We won't move without You  
We won't move without You  
You're the light of all and all that we need  
We won't move without You  
We won't move without You  
You're the light of all and all that we need, yeah,  
The lord our God is ever faithful never changing  
through the ages  
From this darkness He will lead us and forever we will  
say  
You're the lord our God

And forever we will say  
You're the lord our God  
And forever we will say  
You're the lord our God  
And forever we will say  
You're the lord our God  
The one we love, the one we trust, we live for You, for  
lord our God
