You all agree, where the people are living
You want to live where life is throbbing
You want a friend who can be your lover
You want a lover who can be your friend
Let's get real, you want a man who can make you feel
The way make you feel you feel like you kick in through
Every single person that's ever mingled with you
You are alive like a Hollywood cop chase
You are the world that has kissed before the crydness?
I will be as much to you as I can handle
You are every single penny and a few dollars more
I'll be true, I want you and only you
There's nobody else that can do all the things you can
do
And after all we've been through there is so much to do

Yes it's true
Your batty lashes, batty lashes make me feel uneasy
Your batty lashes, batty lashes make me feel uneasy
Your batty lashes, batty lashes make me feel uneasy
Your batty lashes, batty lashes make me feel uneasy
Oh yes, you know they do
So I ran away from you
Yes I did, I rode a river of love
It almost took my life, it got so damn rough
It almost threw me overboard, but I held on tight
enough
I'd never give up on my hope

It's not enough, everything is simply disastrous
That I love becomes a beacon of love
And when it all comes together at the end
I missed everything you taught
I could see so much my friend
God only knows, the hell we've been fighting for
All I know is that I need you just like you need me
And that's the way it's gonna stay unconditionally
I'm afraid of all the people that crowd around my life
From me with you by my side
You want catch me swinging back and forth now
My god I hope it won't grow tired of my
Dysfunctional way of existing

I decided it won't be really easy
You gotta trust me when I say things from me
The only person who's giving me a break

Your batty lashes, batty lashes make me feel uneasy
(yeah they do)
Your batty lashes, batty lashes make me feel uneasy
(yes they do)
Your batty lashes, batty lashes make me feel uneasy
Your batty lashes, batty lashes make me feel uneasy
Oh yes, you know they do
So I ran away from you
Yes I did, I rode a river of love
It almost took my life, it got so damn rough
It almost threw me overboard, but I held on tight
enough
I'd never give up on love
No, I'd never give up on love
I want to give up on love
No, I wouldn't give up on love
Wouldn't give up on love
Not once, not twice, not three times
Your batty lashes, batty lashes make me feel uneasy
Wouldn't give up on love
Your batty lashes, batty lashes make me feel uneasy
I wouldn't give up on love
Your batty lashes, batty lashes make me feel uneasy
No I wouldn't, no I wouldn't, no I wouldn't, no I wouldn't
Your batty lashes, batty lashes make me feel uneasy
Oh yes, you know it's true
So I ran away from you, yes I did
I rode a river of love
It almost took my life, it got so damn rough
It almost threw me overboard, but I held on tight
enough
I'd never give up on love
No, I'd never give up love
Hell no
You never give up, you never give up on love
You never give up, you never give up on love
You never give up, you never give up on love
You never give up, you never give up on love
