Bet you never leave
Ooo ohooo ooo
Never

Bet you never ever leave
Bet you never
Never

Well you're wrapped up in a blanket
And you're staring at the floor
The conversation's moderated
By the noisy street below
I never wanna hurt you baby
I'm just a mess with the name and the price
And now I'm drunken then before they
Told me drinking doesn't make me nice

You never know where some people will go
Yeah some people been hurting me
You can tell by the look, by the slightest crick in the
neck or the blink of an eye
Well they'll say what they say
And they'll do what they do
But it doesn't mean a god damn thing
You can listen if you want, you can listen if you don't
Yeah they'll talk yeah they'll even sing
Everybody now
Oo ooh ooo
The come sing into the window, sing into the trees
Yea they sing into the bright spring leafs
Everybody now

Ooo ooh ooo

Yeah they love you when they need you
But someday you're gonna need to find some other
kinda place to go

That you never leave
Ooo ohooo ooo
Never
That you never would believe

That you never
Never

Now you're standing in the kitchen
And you're pouring out my drink
And there is a very obvious difference
And is that one of us can think
If there is a bump in the road yea you'd fix it
But for me I just run off the road
But tonight you got me cornered
And I havn't got a place to go

You never know where some people will go
Yes some people been hurting me
You can tell by the look, by the slightest crick in the
neck or the blink of an eye
Yeah they'll say what they say
And they'll do what they do
But it doesn't mean a god damn thing
You can listen if you want, you can listen if you don't
Yeah they'll talk yeah they'll even sing
Everybody now
Oo ooh ooo

The come sing into the window, sing into the trees
Yea they sing into the bright spring leafs
Everybody now
Oo ooh ooo
Oo ooh ooo

Singing loud
Oo ooh ooo
Oo ooh ooo

Singing loud

Yea they love you when they need you
But someday you're gonna need to find some other
kinda place to go
Don't you know

That you never leave
Ooo ohooo ooo

Never leave you alone
Stay...
Ooo ohooo ooo
