Leave me alone,  
Leave me alone  
Leave me alone, I'm fine  
I'll be fine until the morning comes  
Then unmask me in the blistering sun.

Oh let me go  
Just let me go  
Just let me go, or I'll  
Burst in front of your eyes  
Then collect myself from the ground.

And when I go  
And when I go  
Just let me go like a light  
Flickering out in the skies  
Lost as fast as was found.

Woo, ooo,  
Everythings easy when you never had to choose  
Woo, ooo  
But the balance has shifted and we're forced to lose  
Like the Sun and the Moon I will circle you 'til you bloom  
I will crush, I will maul, I will burn until I get to you.

Lay low,  
Don't let me know what is real  
Will they quietly follow me here?  
Will they take me as their own?

Now I will hold you, I will keep you  
I'll control my love  
Until it folds in my hands  
But I'll build it back to the top

Woo, ooo,  
Everythings easy when you never had to choose  
Woo, ooo  
But the balance has shifted and we're forced to lose  
Like the Sun and the Moon I will circle you 'til you bloom  
I will crush, I will maul, I will burn until I get to you.

Feel it rain, feel it rain  
We're alive, feel it rain  
Feel it rain, feel it rain  
We're alive, feel it rain  
Feel it rain, feel it rain  
We're alive, feel it rain  
Feel it rain, feel it rain  
We're alive, feel it rain.
