That you never leave
Ooo ohooo ooo, never
That you never would believe
That you never, never

Well you're wrapped up in a blanket
And you're staring at the floor
The conversation's moderated
By the noisy streets below
I never wanna hurt you baby
I'm just a mess with the name and the price
And now I'm drunker then before babe
Told me drinking doesn't make me nice

You never know where some people will go
Yes some people been hurting me
You can tell by the look, by the slightest crook
In the neck or a blink of an eye
Well then I'll say what they say
And I'll do what they do
But it doesn't mean a goddamn thing
You can listen if you want, you can listen if you don't
Get a talk, yell and even sing

Everybody now
Oo ooh ooo
The come sing into the window, sing into the chains
Yea they sing into the bright spring leaves
Everybody now
Ooo ooh ooo
Yeah I love you and I need you
But someday you're gonna need to find some other
kind of place to go

That you never leave
Ooo ohooo ooo, never
That you never would believe
That you never, never

Now you're standing in the kitchen
And you're pouring out a drink
There's a very obvious difference

And it's that one of us can think
If there is a bump in the road yeah you'd fix it
But for me I'll just go on off the road
But tonight you got me cornered
And I haven't got a place to go

You never know where some people will go
Yes some people been hurting me
You can tell by a look, by the slightest clue
Can the night á¹—ull a blink of an eye
Well then weâ€™™ ll say what they say
And weâ€™™ ll do what they do
But it doesnâ€™™ t mean a God damn thing
You can listen if you want, you can listen if you
donâ€™™ t
Get a talk, yell and even sing
Everybody now
Oo ooh ooooo
The come singing through the window, singing through
the trees
Oo ooh ooooo
Oo ooh ooooo
Yea they singing through the bright spring leafs
Everybody now
Oo ooh ooooo

Singing loud
Oo ooh ooooo
Oo ooh ooooo

Singing loud

Yea they love you when they need you
but someday youâ€™™ re gonna need to find some other
place to go

That you never leave
ooo ohooo ooo

Never leave you alone
Sing along with me
ooo ohooo ooo
