Tell me what's up in your mind
(You don't care)
[Korean]
Step into my mind tonight
(So baby)

Oh you're the one for me
(So baby)

This girl movin' on
(Ooh baby)

Come to me
Come alone boy
Make yourself cool enough for me

Tell me boy you've got a thing
Oh, tell me babe that it's alright

Oh, make me smile, bring it on

(X2)
Impact

(X2)
[Flash]

Come to me come along...
Make me feel all enough for you

Show me boy just what you've got
Oh blow my mind, you know what I want
Tell me boy what you want
Show me the magic in your eyes
Come to me, come along...
Come to me.
