We are all here tonight to rise  
The black flame of hell  
Alcoholic forces of damnation  
Are ready to destroy the church  
Take me Baphomet!

Blood, vomit and satan  
Is the only law.  
Blood, vomit and satan  
Thrashing all around.  
Blood, vomit and satan  
Hate in our brain.  
Blood, vomit and satan  
Metal in our veins.

Alcohol hordes invade the church  
Ready to kill the fucking priest  
Dressed by leather, chains and  
Bullets  
Desecrate the reign of christ  
Take me Baphomet!

We are standing upon the cross  
And pissing on the altar  
Open the gates of utter hell  
Baphomet's Blood is here  
Satan give us the power.
