I've got a nail in my head and I don't know where I got it
from

Got a nail in my head right between the eyes

Yes, a nail in my head and it's driving me mad yeah

I've got a nail in my head and it doesn't seem to she'd
at all

Got a nail in my head but I haven't seen a hammer
around

I've got a nail in my head but I don't know why

I saw it when I woke up this morning

And I desperately tried to hide it

But it ain't easy, you know

It's under everyone's eyes

There's no way I can walk around without being seen

I've got a nail my head and something happens when I
try to move it

This nail in my head it seems is doing something to my
brain

This nail in my head can make me have a clearer view

And people ask me why did I put it there

Cause they say that I could have put it anywhere

But I think I got used to it

I see it as a part of me

Like an arm or a leg or a nose or an ear

I've got a nail in my head

But each time I get around

I'm the main attraction

And someone's getting angry

'Cause I'm stealing the show

I'm a star on TV

I get all kind of presents

A B&I T shirt

For an autograph

I've got a nail in my head and I still don't know who put

it there

A nail in my head and appears to be becoming
fashionable

A nail in the head is what teenagers want from this day
on
