Momma took them right away
Momma took those batteries
Size double a
Now i'm going down San fransisco to get some more
I'm also looking for girls and magic medicine
In the town of towns!

San fransisco, san fransisco
San fransisco, san fransisco
Yhea!

There's this one girl
Standing in the sunlight
She's got long brown hair
that glimers in the light
i'm walking over to her in....

(chours)

Now she's going out with my best friend
What a blow
In the town of dreams
