Closing in on happiness 'till my thoughts turn the other way

I'm chasing a dream that spins me out of control  
Simplistic intuitions free me from the grip of society  
Don't wanna live my life like it's a movie roll

But I feel it in the air  
On the highest mountaintops  
Just wanna hold that breath forever  
I'm dancin' in the clouds  
With my feet still on the ground  
I couldn't say a dream could get much better  
And then the rain comes pouring down  
And you wake up to the sound  
Of changes in the weather

I close my eyes for a moment  
I'm taken to that timeless zone  
I'm feeling lost and helpless in a sea without a breeze  
The unobtrusive feelings are slowly catching up to me  
I wish the wind would bring me someone so I wasn't so alone

But I feel it in the waves  
As they crash on over me  
Just wanna float out here forever  
With a six-string in my hand  
And my feet buried in the sand  
I couldn't say a dream could get much better  
And then you watch the sun go down  
While you wake up to the sound  
Of changes in the weather

Ohh ohh yeah...

When the lights have all gone out  
Thoughts of the day get tossed about  
The images you see  
Become a false reality  
And your dreams become the pictures  
And those pictures fit together  
Flashing scenes of pious hopes

And things you can't remember  
Running towards the water  
A silence fills the air  
Happiness overcomes you  
'Till you realize you're not there...

But I feel it in the air  
On the highest mountaintop  
Just wanna hold that breath forever  
I'm dancin' in the clouds  
With my feet still on the ground  
I couldn't say a dream could get much better  
And as you watch the sun go down  
You wake up to the sound  
Of changes in the weather  
Changes in the weather
