V1:

I had to of been about ten when my granddad took me
fishin
2 hours on the lake we had nothing to show
It was then that he turned around, sat his fishing pole
down and said
Should I stay or should I go
I was 17 at a high school party, this little voice kept
saying just say no
But there were girls there and they had to many, they
asked me if I wanted any
Should I stay or should I go

Chorus:

If I stay then I'd get to see the way it would end up to be
If I go maybe I'll know. Time just might show
Should I stay or should I go. Should I stay or should I go

V2:

I remember getting married, having babies and
working like crazy
Different directions we would go
But right now I'm sittin on a bar stool contemplating
leaving you
Should I stay or should I go

Bridge:

Maybe one day I'll get to see all my mistakes turn into
good memories

End:

Should I stay or should I go
I just talked to you on the phone and you said you
didn't care if I ever came home
I need to know
Should I stay or should I go
