V1:

I wanna be the kinda guy that you call when things get tight  
When the odds have got you up against the wall  
I wanna be the kinda man your not ashamed to call  
your friend  
The one you know will catch you when you fall  
I wanna help my children grow, teach em all they need  
to know  
Give em faith to keep em strong  
I wanna be the one they say, does everything the right  
way  
Only ends up places I belong

Chorus:

I wanna see the stars shine in the eyes of those around  
me  
I wanna feel the sweet grace of the good lord surround  
me  
I wanna be everything to everyone what ever they need  
One day I'll grow into the man I wanna be

V2:

I wanna give a pure love one that's always strong  
enough  
To pull my family through the toughest days  
I wanna live a full life be a hero to my wife  
Let her know that she's my saving grace  
I wanna make my momma smile I wanna go the extra  
mile  
To make sure that nobody feels alone  
I wanna glow on the inside let the good book be my  
guide  
Be a light house til the angel takes me home

Bridge:

I've left a troubled passed behind me  
I'm making changes for the best  
Until I top this hill I'm climbing  
I pray that God won't let me rest
