Give food to Hephaestus, Go deep to him
To the oracle responsible of everything
To the beautiful deep hell of the servants of doom
Stinking Hell
To the beautiful deep hell
Stinking, Stinking doom
Stinking hell
Give food, suffer, go to him, to Hephaestus
Through the deep doom
Through the beautiful deep hell
Through the beautiful hell responsible of all doom
Beautiful deep hell of servants of doom
To the deep, deep doom
Give food, suffer, go to him, to Hephaestus
Through the deep doom
