If it's getting harder to face everyday  
Don't let it show, don't let it show  
Though it's getting harder to take what they say  
Just let it go  
Just let it go  
And if it hurts when they mention my name  
Say you don't know me  
And if it helps when they say I'm to blame  
Say you don't know me

Even if it's taking the easy way out  
Keep it inside of you  
Don't give in  
Don't tell them anything

Don't let it  
Don't let it show

Even though you know it's the wrong thing to say  
Say you don't care, say you don't care  
Even if you want to believe there's a way  
I won't be there, I won't be there

But if you smile when they mention my name  
They'll never know you  
And if you laugh when they say I'm to blame  
They'll laugh around you

Even if you think you've got nothing to hide  
Keep it inside of you  
Don't give in  
Don't tell them anything

Don't let it  
Don't let it show
