Chorus:

I can tell your hurtin'

I can see you cry

And I know that your leaving why don't you tell me
goodbye? I can see you cry.

Our love was like the summer sunshine

Warm on your skin

I thought our love would last forever, but it never got a
chance to begin. Warm on your skin

(Chorus)

Now our love is like a winter snowstorm

I shiver as the cold wind blows

And I want you to know, I never wanted you to go

And I shiver as the cold wind blows

(Chorus)
