Bass... lovers... united!
Bass... lovers... united!

I'm scared to go out alone,
Your heart is made of stone,
You robbed me off my feelings,
Is this what you are stealing,
Now I am so in pain,
That you are drivin' me insane, insane, insane.

Bass... lovers... united!
Extended
Insane!

Bass... lovers... united!
Bass... lovers... united!

Your insanity ruled my life,
Your preternity and sexual drive,
I know I won't be touched,
You took so long too much,
But now I won't take care,
I won't be anywhere but here, but here, insane.

Insane!
Bass... lovers... united!
