[chorus]

It's plain to see you can't change me  
Down south nigga 4 life

It's plain to see you can't change me  
Up north nigga 4 life

It's plain to see you can't change me  
West coast nigga 4 life

It's plain to see you can't change me  
East coast nigga 4 life

Verse 1: t-mac

I'ma live by the game  
Die by the game  
It's in my blood  
Cause real niggas don't change  
Hustle first and ball later man  
Guaranteed everything gone be greater man  
Real niggas stay ahead of that game man  
Focus on that goal  
? living small knots till a night we see ya know?  
We bringing drama to the do'  
Cause we ain't no hoe's  
Respect my mind or i'ma bust ya with a slug low  
Show you how the game go, this shit is to die for  
Representing real shit  
Dirty south affiliate  
Niggas in the club getting busted in whigs  
Memphis, tennessee we throwing niggas off a bridge

Verse 2: pastor troy

And then hear I come right around the fucking corner  
Eyes red smoking on that fucking marijuana  
Somebody dead, looking mean  
Where my niggas at?  
Pastor troy then I'm blazin' with that infra-tech  
I'm looking at 'cha cause I'm mad as a muthafucker  
No time for suckers

A part time lover slash muthafucking hustler  
I hang with s.m.k. and eleven twenty-nine  
I love them fucking niggas we done did it off the grind

Verse 3: eleven twenty-nine

I be a down south nigga  
Filiated with this  
20 inches on my ride  
In december the flicks  
Call up e-40 on my cell phone out on the west  
Cause we got business going down  
Big faces, hundreds to stretch  
I'm on the plane and I'm heading to new york for the c  
My nigga gage got sick  
Tell 'em what's finna be  
The congregation just constructed and conducted the  
scene  
Forever down south niggas keep yo eyes on the green  
Cause I got family in gary, indiana up north  
So when I'm there they show me luv  
? so keep to these streets be the sort?  
Deep in the bottom that's miami  
Ask my nigga luke  
Can s.m.k. hit you with beats that a make yo girl scream  
ohhh

Now where my ladies and my niggas from the north at?  
Now where my ladies and my niggas from the south  
at?  
Now where my ladies and my niggas from the east at?  
Now where my ladies and my niggas from the west at?
