The last chance i got
To make shit hot around here... HELLO
If im goin platinum im letting it go
If you don't feel me, u just a motherfuckin hoe
And yea im from the south and you know that i
Get crunker than a cranker
Smoke me a half a dro and yea im thinkin,
5th caribbean DSGB the whole dirty south was
Raised on PT
The golden child, i been in it for a while
Grew me some dreads just to change my profile
Biting my style biting my ways
They lookin at the chain, they wouldn't know my name
And don't think that you wont get wrote on,
And don't think that you wont get burnt hoe
And don't think that we wont stomp your ass out
And don't think you don't have what we talkin about
But imma keep it cool and this is just my introduction
And we aint payin these country boys nothin
And if you gettin crunk my nigga come to that
Me and my niggas ready for some come back
It's like that for the motherfuckin '04
And i aint playin with no niggas or no ho's
So if you wanna get it crunk my nigga let's go,
I wanna see you on the front row, nigga you know

Im from down south georgia and im warnin ya
(we dem georgia boys)
Im from down south georgia and im warnin ya
(we dem georgia boys)
Im from down south georgia and im warnin ya
(we dem georgia boys)
Im from down south georgia and im warnin ya
(we dem georgia boys)
NIGGA!!
