The last chance I got  
To make shit hot around here - HELLO  
If I don't go platinum I'm lettin it go  
You can't feel me you just a motherfuckin ho  
So now you know  
Cause I done got it crunk the music crunker than the  
cranker  
Smoke me a half of dro and try to drink a fifth of remy  
For being so clean  
The whole dirty south was raised by PT  
The golden child  
I been in it for a while (yeah)  
Grew me some dreds just to change my profile (yeah)  
Bitin my style, bitin my game  
They lucky that I changed  
I would've called they name  
But don't think that you won't get rolled on  
And don't think that you won't get burned Ho  
And don't think we won't stomp ya ass out  
And don't think that we don't have what you talkin  
about  
But I'ma keep it cool and this is just my introduction  
And we ain't payin these pussy boys nothin  
And if it get to bussin it can come to that  
Me and my niggas ready for some combat  
It's like that for the motherfuckin 0 4  
And I ain't playin with no nigga or no ho  
So if you wanna get it crunk nigga let's go  
I wanna see you in the front row  
NIGGA YOU KNOW  
I'm from down south Georgia

And I'm warning ya (We them Georgia Boys!) {\*repeat  
4X\*}
