Takin you to ecstasy or whatever your destiny,  
Trust in me

Tellin me your soakin wet,while we havin phone  
Sex  
Better yet I'm on my way, I'ma do whatever you  
Say  
Where ever you tell me to kiss,I'ma spread  
Your legs like this  
Cause baby girl I'm wantin you,I can't get that  
Fast enough

What the fuck you done did to me? I can't hit  
That that's enough  
Matter fact unlock that do', I'ma be there 'fore  
You know  
Turn on your radio and make sure it's somethin  
Slow

[Chorus x2]

[Gangsta Boo:]  
I ain't with that nonsense, or that luvy-duvy mess  
I wanna fuck you nice and slow, [?] want some of  
That georgia dick  
Get you some of this Memphis wet, pussy cause it  
Be the best  
Smashin all across the bed, now I'm gonna give  
You head  
Nothin but sex is on my mind, so I'm not gon  
Waste ya time  
I'ma let you bang the pussy from the front and  
From behind  
Give it to me Pastor Troy, oh my God I love you  
Boy  
I'ma make you scream my name, doin all kind of  
Freaky thangs  
You ain't gonna forget the mystic pleasure that  
I give to you  
Have yo ass lay back on the bed thinkin what  
Have I just done to you  
Think about me when you fuck yo bitch, close yo  
Eyes and imagine this  
I told you I ain't the type to get involved in  
Long relationships  
I just like when you lick between, man I feel  
Like I'm on lean  
Now yo got me so-so high, I'm glad we on  
Eachother team  
Fuck my nigga, fuck yo bitch, mayne we on some  
Other shit  
You wonderin, don't wonder mayne I love you and  
It's my dick

[Chorus x2]
