Taking a chance they could kill me

But I don't give a fuck, they gone motha fuckin' feel me

'Til the car stops tickin', nigga I'm spittin' (blow)

Empty my mag' (bl-bl-bloow)

Dead at yo ass (come on)

Say you want it hard being Sam gotta goon squad

I don't give a damn, if I bam I'mma take yo heart

Bleed blood nigga, bleed blood fuck nigga die

All that he heard is that thunder-bird pass by

Up out my T-top

Big Keith, don't stop

Let me put my scope on

Show this nigga how bad I want 'em

On channel two tonight, on forty six tonight

On channel five tonight, somebody died tonight

Ready to ride

Nowhere to hide, I'mma physco

Tap a nigga lips to the barrel of my rifle

I'm liable, to hit the grave-yard with my squad

To make sure you all see GOD (nigga)

[Chorus: repeat 4X]

What, what, what, what, what, whaaaat (Where Them Niggaz At?)

Huh, huh, huh, huh, huh, huuuuh (Where Them Niggaz At?)

[Verse 2]

First a fuck nigga talkin' shit off of twenty east

A whole bunch of mouth but the ain't disturbin' no

Sendin' all the fuck niggaz home, but say they gone

Hit 'em in the chest

Peal flesh, let 'em bleed hoe
Shots through the door
Out that gold desert eagle
Fuck yo' eagle
Gotta go, then he gotta go
Why?, I don't know
'Cause I mother fuckin' said so
Two eighty five, call me eighty five south
Fly ass mouth and some K's at my fuckin' house
Start bustin' shots when I motha fuckin' twelve (come on)
Ask my brother (yeah) I'm hard as hell, (come on)
You can tell, how I walk, how I talk it's real
I can go anywhere in the world and chill
'Cause I will, ride for mine all the time (blow)
Y'all bitches betta watch it
Eight ball corner pocket (nigga)

[Chorus: repeat 4X]

What, what, what, what, what, whaaaat (Where Them Niggaz At?)
Huh, huh, huh, huh, huh, huuuuh (Where Them Niggaz At?)
