A bucket full of shit
In the corner of your darkest hours
You face your enemy
Face to face
Eye for an eye

To be or not to be
That is the question
But even if you win the battle
You will lose the war

All you've got is just an illusion
And you can't live through this
Just by saving the day

It takes you an entire scripture
Just to tell us 'bout few
But you don't have the courage
To handle everything with care

You don't need a muscle
Just a place to stay

If the world is HEAVEN
Why does most of it
Look like HELL?
Go on and

Kill it

You're always looking for more
You will never understand
That there is no score
Break all there is
Just to destroy your dreams

Confront all of your fears
To be more than nothing
There is no time for you after all
Go on and just pretend to fall

Good or bad

Everybody wants to be a hero
Keep on pretending that you've got
The power
You will destroy it in 3, 2, 1
Seconds
