Hey girl, don't u see something u needed in me?
U know I gave u da earth,
And u had me in da palm of ur hand,
So why ur luv gone away?
I just can't seem 2 comprehend.
But I thought it was me and u sweetie,
Me and u until da end, but I'll admit dat I was wrong,

[Bridge]
Don't wanna think about it
Don't wanna talk about it
I'm just so I'll about it
Can't believe it's sliding this way
So confused about it
So many blues about it
I just can't be without u

[Chorus]
Would u tell me Is this fair?
This is da way we been getting low
(Is this da way we say goodbye?)
I shoulda known better when u came around
(Sorry I made u cry)
And it's hurting my heart 2 what you did 2 me
(Cause I know dat ur living a lie)
Cause dat's okay sweetie, cause in time u will find out

[Chorus 2] 2x
What gets around gets around gets around gets
around
And it goes out of bounds
What gets around gets around gets around gets
around
And it took place out of towm

[Verse 2]
But girl, I remember everything that you Claimed.
I heard dat u been moving on out (on out)
Maybe I should do da same(maybe I should do da
same)
Funny thing about luv until I was ready 2 give u my
name

But I thought it was me and u sweetie,
Now it's all just a change, But I'll admit dat I was wrong

Bridge

Chorus 2 2x

Let me this model 4 u sweetie!
U spent ur dayz alone
And u never come home
Everytime I try 2 call u,
U never answer da phone
I heard u found out what he's doing 2 u
But u did it 2 me, I'll admit dat's da way it goes
When u cheated girl, my heart hurted girl
So quit acting like u don't even remember me
Just a classic case, Sce-sce scenario
And my feelings has started 2 and dat's what I finally
deserved,
And now u want somebody, 2 cure it over nights
And U wished U had somebody,
Cause I'm a make it right,
And girl I ain't nobody 2 make simple then
See what gets around like (ohhhhhhwoooooowooooo!)
I believe I told ya! (7x)
