A breathless drive on a downtown street  
Motorbike ride in the mid-day heat  
The dust that hung from the desert skies  
Run, though we run it still burned our eyes

Oh, yes we can walk on the wild wild side of life  
And our movements traced by a stranger close by your  
side  
And in the shadows of a promise, you can take my  
hand  
And show me the way to understand

So if you think you know how to love me  
And you think you know what I need  
And if you really really want me to stay  
You've got to lead the way

Yes, if you think you know how to love me  
And you think you can stand by me  
And if you really really want me to stay  
You've got to lead the way

A reckless night in a nameless town  
Then we moved out of sight with a silent sound  
A beach that wept with deserted waves  
That's where we slept, knowing we'd be safe

Now you may think you can walk on the wild wild side  
with me  
But there's a lot I can learn, and a lot that I've yet to see  
You know you've got my life lying in your hands  
It's up to you to make me understand

So if you think you know how to love me  
And you think you know what I need  
And if you really really want me to stay  
You've got to lead the way

Yes, if you think you know how to love me  
And you think you can stand by me  
And if you really really want me to stay  
You've got to lead the way

So if you think you know how to love me  
And you think you know what I need  
And if you really really want me to stay  
You've got to lead the way

Yes, if you think you know how to love me  
And you think you can stand by me  
And if you really really want me to stay  
You've got to lead the way

Yes if you think you know how to love me  
And you think you know what I need  
And if you really really want me to stay  
You've got to lead the way
