I've seen your picture in the paper  
On the front page of magazines  
I've pulled the trigger right at you  
On billboards and movie screens

When I talk, it's to myself  
'Cause I know your kind, you're like everyone else  
Maybe it'll work itself out in time  
Before I lose my mind

You, you're out of touch  
All alone in a danger zone  
And I think too much  
You're out of touch

I keep your letters by the mirror  
You're the subject of every dream  
You're not so invincible  
And I'm not what I might seem

When I look, it's in your eyes  
And I know your look, you can hypnotize  
How long does it have to last like this  
A Kodachrome kiss

You, you're out of touch  
All alone in a danger zone  
And I think too much  
You, you're out of touch

You're in my sight  
All through the night  
And I see too much  
You're out of touch

Can't you see I'm obsessed  
I'd do anything, I'm possessed  
I'm in a constant rage with your luminary stage  
I need you

I need you

I've seen your picture in the paper  
On the front page of magazines  
I've pulled the trigger right at you  
On billboards and movie screens

When I look, it's in your eyes  
And I know your look, you can hypnotize  
How long does it have to last like this  
A Kodachrome kiss

You, you're out of touch  
All alone in a danger zone  
And I think too much  
You're out of touch

I need you  
I need you  
I need you
