Your love's contagious
One kiss is dangerous
But I have more to risk
Than you to lose

I feel passion growing
I know that love is only
Just one inch away
From striking us

We live for love
We live for love

When we get tired
And watch the summer fade away
Will you think of romance?
What will we do?

Is there a place where we can go?
Where time stands still
For those who know till eternity?
We'll fulfill our desires

We live for love
We live for love
We live for love
We live for love

I never planned to win the race
But you convinced me face to face
There was never a chance
Of losing at all

We live for love
We live for love
We live for love
We live for love

We live for love
We live for love
We live for love
