### VERSE 1:

One of these slow weeks when, you don't know where  
the time will go  
I could just give in and send my self back to this world  
Don't say don't go  
Don't say don't you go

### CHORUS:

I lost myself to the snow and then  
I found my way back home again  
But I can only stay for awhile  
Hey hey hey hey!

Now that I'm on my own I can  
Finally I can breathe again  
So I can only stay for awhile  
Hey hey!

### VERSE 2:

Step after step I jump in and step off the beaten path  
As the long journey begins I walk the wild at last  
Don't say don't go  
Don't say don't you go

### CHORUS:

I lost myself to the snow and then  
I found my way back home again  
But I can only stay for awhile  
Hey hey hey hey!  
Now that I'm on my own I can  
Finally I can breathe again  
So I can only stay for awhile  
Hey hey!
