[Verse 1: Baze]

(Hold up hold up you ain't talking bout my mama)
Boy how old are you (15) I think I might be your father
(OMG)
This is foul play we do this every day
The tattoo she never showed you says Bazeeee
Pass ha the balls and all I did was score
Slam dunk on the touch down and she wanted more
I brought it to ha field goal and asked if she was done
She said I can't leave til I hit a home-run
No problem you see I'm dominican
She pitching on my back and it's looking like I'm
winning it
Licking it, getting it, hitting it finish it
Send it back home so you can start kissing it
Your mother I'm dismissing ha
Once I got a wiff of ha I realized vegetarians wouldn't
eat the fish from ha
Now that's nasty niqqah you were born from that
And if your girl spoke to me then she licked my sackk

Don't worry when I'm done I bring ha home, 10moths

Not sure bout the due date but the childs yours player
Press play Rewind brings it back to the action
No pirate ship your girl know who the captain
Sparks, lights, explosions in a barrel
It's movie timeee I jacked in ha sparrel

From the gap in ha mouth man it don't seem right
