Preposition

It's your ambition  
To tell me tell me tell me  
Exactly my position

I could me on my couch,  
Or outside my house,  
Am I across the street?  
Or within your reach,  
I could go up the stairs,  
Or fall off my chairs,  
Am I front of you,  
I you behind me too

Preposition

A joy mission  
To tell me tell me tell me  
Exactly my position

Preposition

You're on a mission  
To tell me tell me tell me  
Exactly my position

Take a walk with me  
And we'll go by the sea,  
And along the path,  
Take us around and back,  
And underneath the waves  
Or inside a key  
And before we're through,  
We jump over the moon

Preposition

A joy mission  
To tell me tell me tell me  
Exactly my position

Preposition

You're on a mission  
To tell me tell me tell me  
Exactly my position

I could be on the couch,  
Outside my house,  
And I across the street,  
All within your reach,  
I could go up the stairs,  
Did I fall off of my chairs,  
I am in front of you,  
And behind me too

I'm about to say  
Without further delay  
When you next to me  
That's were I want be

Now we are near the end  
But we are among good friends  
So that we are after... one more time

Preposition  
A joy mission  
To tell me tell me tell me  
Exactly my position

Preposition  
You're on a mission  
To tell me tell me tell me  
Exactly my position
