You drink one for your memories  
You drink one for yourself  
You drink one for your family  
Last time you saw them was a long time ago

I sing one for the children  
You sing one for the miles  
You sing one for them pretty green eyes  
I?m headed home baby - I got a long way to go

And sing me to sleep sweet city  
And let your highway be your lullaby  
With nothing in my pocket  
No fortune do I know  
I?m headed home baby - I got a long way to go

Well you say a little prayer in the morning  
You pray for those you left behind  
Your heart starts to break as the sun goes down  
I?m headed home baby - I got a long way to go

Sing me to sleep little darling  
And do that little dance for me  
Nothing in my pocket  
No fortune do I know  
I?m headed home mama - I got a long way to go

I will be there by the morning  
And I don?t know what makes me leave anyway,  
anyway, anyway

And God I miss you little darling  
And save that little dance for me  
With nothing in my pocket  
No fortunes do I know  
I?m headed home baby - I got a long way to go

It?s good to be home  
It?s good to be home  
I?m headed home baby - I got a long way to go
