Each night we meet  
And talk about you  
Reminisce about the  
Things you used to do

We just sit around  
Broken hearted  
Cause all of us are  
Still in love with you

(CHORUS)  
Oh, yes, we're ten lonely guys  
With ten broken hearts  
We thought your lies were true  
Yes, we're just ten lonely guys  
With tears in our eyes  
Ten lonely guys who still love you

Eddie was the first one to hold you  
Jerry was the first to taste your kiss  
Then came Johnny, Stan, Richie  
Neil, and Bobby, Jack and Cliff  
And I was the last one on your list

(CHORUS)

The footsteps at the door  
Can mean just one thing  
Someone else has  
Been a fool for you

One more guy who  
Wants to tell his story  
One more guy who knows  
What we've been through

Oh, yes, we're ten lonely guys  
With ten broken hearts  
We thought your lies were true  
Yes, we're just ten lonely guys  
With tears in our eyes  
And tonight, we'll set a

Chair for someone new
