A chant so powerful  
Leading storms and fire

Slay the limbs of the sacred ones  
Offering death by flames  
Assembling symbols of unholy fate  
Invoking six thrones of pagan hate

Ritualistic black mass  
Presenting quakes and water

Break the limbs of the sacred ones  
Offering death by floods  
Assembling symbols of unholy fate  
Invoking six thrones of pagan hate

Asmodeus, Beelzebuth  
Unveil the path for darkness  
I conjure thee, come forth  
Six demons of destruction
