She was a real fly chick not far from 30
She live the fast life and she like it dirty
She ain't tha kinda chick to settle down and stay home
She lookin for a man she can spend her cake on
High stress job so she lives for weekends
Waitin for tha time she can get to freakin
Like hot weather but she love tha snow
She said it really ain't poppin less she got tha blow
Know she got a man but she claim she single
Chillin at tha bar when it's time to mingle
Used to date charlie said it's in tha past
It was tha first lie she told but it aint tha last
High class she would snort it out a rolled up benji
Tha goose and tha coke got her off in a frenzy
I thought we was cool hangin out for tha nite
But now she need another line to get her confidence
tight

She got a boyfriend Â– she got a line
She gettin hooked on tha good times
She's so in love with charlie white
She's so in love with charlie white
She's so in love with charlie white
And she know she she just can't let him go
Live tha fast life and ya bound to crash
Searchin for tha youth tryin' to make it last
Now she's tradin' out tha grams for a bundle of cash
She graduated from tha smoke cigarettes with hash
Caught a blast from tha bottle can't ease off tha
throttle
Movin too fast end up on tha bottom
Took a wrong turn now tha storm is brewing
You in tha bathroom wonder what ya doing
Ruining ya life when ya burn from both ends
From part time lovers in tha nite to best freinds
Used to talk about him but you still won't claim him
He make you feel good so I just can't blame him
Givin up hope that you two might break up
Every ten minutes gotta fix ya make up
Powdering ya nose with tha coke you scrape up
Ya living bad dreams girl I hope you wake up

She got a boyfriend Â– she got a line
She gettin hooked on tha good times
She's so in love with charlie white
She's so in love with charlie white
She's so in love with charlie white
And she know she she just can't let him go
