Whoahhhh whoahhhh whoahhh whoahhhh  
I haven't seen your face in weeks  
Haven't you hear your voice in days  
Now i feel I've lost my chance  
Who needed love anyways  
So I'm running running running out of hope  
And I'm thinking thinking thinking  
I can cope without seeing you  
I'm not seeing you tonight  
My friends all say I'm crazy  
And that im living in the past  
My friends all say I'm out of my mind  
And there's no way this could last  
So I'm running running running out of hope  
And I'm thinking thinking thinking  
I can cope without seeing you  
I'm not seeing you tonight  
I'm screaming screaming screaming and I'll fight  
And I'm dreaming dreaming dreaming of tonight  
I'm not seeing you tonight
