Ain't nobody gonna leave this place alive
We never should have come here alone
I can hear them screaming we're a long, long way from
home
It's a shame but I believe they're not gonna let us leave
And we'll never make it out on our own
We wrote our names in stone
And tonight's too late

We're gonna move til we die on this dance floor baby
Let it out, ain't nobody gonna leave this place alive
We're gonna move til we die on this dance floor baby
Let it out, ain't nobody gonna leave this place alive
We don't care bout the world out there
We've made this bed,
We've become the living dead
We're gonna move til we die on this dance floor baby
Let it out, ain't nobody gonna leave this place alive

Baby I don't think it's a show
I don't understand the power but we've only got an
hour to go
A fall to circumstance
Yeah we never had a chance
But I guess that this is just how it goes
We wrote our names in stone
And tonight's too late

We're gonna move til we die on this dance floor baby

Let it out, ain't nobody gonna leave this place alive
We're gonna move til we die on this dance floor baby
Let it out, ain't nobody gonna leave this place alive
We don't care bout the world out there
We've made this bed,
We've become the living dead
We're gonna move til we die on this dance floor baby
Let it out, ain't nobody gonna leave this place alive

The door is locked
The floor is spinning

We can't run, we're done
There's no beginning
And the dancing dead are taking over now
We're never gonna make it out

We're gonna move til we die on this dance floor baby
Let it out, ain't nobody gonna leave this place alive
We're gonna move til we die on this dance floor baby
Let it out, ain't nobody gonna leave this place alive
We don't care bout the world out there
We've made this bed,
We've become the living dead
We're gonna move til we die on this dance floor baby
Let it out, ain't nobody gonna leave this place alive
