The website is under construction  
The website is under construction  
But there's no need to worry  
We've just been in Jersey recording an album for you  
So have no fears and dry those tears, it's hammer time  
today  
Say hammer go hammer mc hammer go hammer and  
the rest can go and play  
And when we return, we can have a king time  
Here's a song in the meantime to hold you overboard  
Actually, Overboard is a movie that came out in 1987  
Featuring Kurt Russel and Goldie Hawn.  
It was a good one.  
And when we return, we can fight the bad guys  
Concern ourselves with Lindsay Lohan's life  
And first we'll find the cure for cancer  
Then maybe we'll find the answer for the question  
that's on everybody's mind  
For the question that's on everybody's mind  
Where the hell is Coolio tonight?  
Where the hell is Coolio tonight?  
Had a few hits back in '96 then he dropped off the end  
of the earth  
I love you Mr. Coolio  
But everything it's worth  
I've been watching re-runs of Full House and Fresh  
Prince of Bel-Air  
But I wrote this song to remind you we're still here  
And that we still care  
In the meantime you can bump this chair  
And if you're making eggs use non-stick spray pans  
Getting fatter day by day  
Losing breath but that's okay  
For a lowdown geez that's crazy  
We Put Out is a label that pays me  
I wrote this song to let you know  
I wrote this song to let you know  
The website is under construction  
The website is under construction  
The website is under construction  
The website is under construction

And friend us on MySpace  
And where the hell is Coolio tonight?
