Is it gonna rain?  
Or will the sun shine down on me?  
Oh what the hell it's the same  
Another day another week  
Excuse my language babe  
I'm not usually one to talk this way  
But once you've started you cannot stop  
Now you gotta pay

Unlike when the seasons change  
The reasons why I left you  
They don't  
And we'll always say that people change  
But I know, they don't  
I'll keep going down, down, down  
With you around, round, round  
I love the way you lie, steal and cheat  
I love the way you hate me  
I love the way you hate me

What was that sudden pain?  
In my back I'm starting to bleed  
I know I'm feeling this way  
Cause you're so god damn easy to read  
I'm not here for apologies  
Just my car, my clothes, my money  
It's kinda funny how we got this way  
Now you gotta pay

Unlike when the seasons change  
The reasons why I left you  
They don't  
And we'll always say that people change  
But I know, they don't  
I'll keep going down, down, down  
With you around, round, round  
Lie, steal and cheat  
I love the way you hate me  
I love the way you hate me

The lies, the cheating  
You left me here thinking it's okay

It's okay

Unlike when the seasons change  
The reasons why I left you  
They don't  
And we'll always say that people change  
But I know, they don't  
I'll keep going down, down, down  
With you around, round, round  
I love the way you lie, steal and cheat  
I love the way you hate me  
I love the way you hate me  
I love the way you hate me  
I love the way you hate me
